

## design&deliver | the arts

design&deliver provides a range of creative and technical event production services, to produce unique and engaging experiences.

Whatever the brief, we are experts at finding customised solutions to complex challenges – sharing our knowledge, support and resources to turn your organisation’s vision into reality.

With a background in the music industry - contributing to the success of international music festivals including Dour Festival (Belgium), The Big Chill (UK), V Festival (UK & AU) and Vivid Festival (AU) - we have vast experience producing memorable arts and culture events.

## Why design&deliver?

Drawing on our expertise, we have adapted our services with an emphasis on imagination to enhance live experiences at music venues, museums, theatres, galleries and for blank canvas spaces.
